OTHER GIFTS

OUR MISSION of helping people throughout life's journey is what drives us to make an impact on the community by supporting Baptist Health Care. The snapshot of funds above details the donations made in 2019 and demonstrates our commitment to Baptist Health Care and the many services it provides.

LETTER FROM

THE CHIEF DEVELOPMENT OFFICER

Dear Friends,

As we reflect upon the past year, we are reminded that with your strong and continued support in so many ways, we were able to serve our important Mission of helping people throughout life's journey.

We would not be able to advance on our journey without you – our loyal past donors and our growing new generation of supporters. Thanks to our generous partners and overwhelming charitable gifts from our community, 2019 has been another remarkable year for the Baptist Health Care Foundation as we support our community's only locally-owned, not-for-profit health and human services system.

Your gifts to the Foundation, regardless of size, make a tremendous difference in the lives of the individuals and families we serve, ultimately improving our community. The Foundation is committed to continue our support for the future of Baptist Health Care in the coming year. On behalf of our entire organization, thank you. We are incredibly grateful and humbled by your support.

Our 2019 impact report highlights several areas of the Foundation's contributions over the past 12 months. These areas include – signature fundraising events; the Women's Board of Baptist Health Care Foundation; our Helping Hands team member giving program; and multiple Baptist Health Care, Lakeview Center and FamiliesFirst Network initiatives.

I would like to take this opportunity to thank our Foundation board members for their guidance, participation and unwavering support. These individuals are an essential component to the success of the Foundation, and we are thankful for their dedication to our organization.

Sincerely,

A handwritten signature in blue ink that reads "KC Gartman". The signature is fluid and cursive, with the first letters of the first and last names being capitalized.

KC Gartman
Chief Development Officer
Baptist Health Care

TRANSFORMING

BAPTIST for the FUTURE

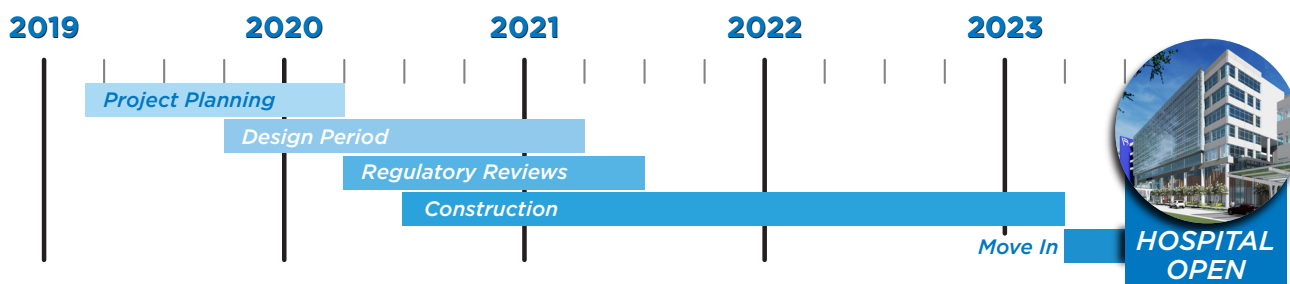

A NEW HOSPITAL, A RE-IMAGINED E STREET CAMPUS

Baptist is building a new main hospital at the intersection of Brent Lane and I-110 in Pensacola, Florida. This new facility will keep us close to our current main hospital location and will offer greater access, enhanced technology and a concentration of related services, making it easier and more convenient to deliver better care to those we serve. We expect to open this new hospital in the summer of 2023.

More good news — Baptist will remain a vital part of all communities we serve. We look forward to working with community partners to ensure that the new version of the current campus is designed to best serve local needs.

Visit eBaptistHealthCare.org for future updates about this transformation.

HELPING HANDS – ALL IN FOR BAPTIST HEALTH CARE

Team members of Baptist Health Care, Lakeview Center and Global Connections to Employment are among the most generous individuals, contributing **\$292,352** in the last fiscal year. Contributions to the **Helping Hands** team member giving program of the Foundation focuses on three main areas: assisting with team members and their families directly, giving back to our community and supporting our Mission of helping people throughout life's journey.

Team Member Impact

- Emergency assistance – \$102,762 to support team members through catastrophic events
- Holiday food assistance – 113 team members
- Educational scholarships – 36 awarded
- Adoption/foster care assistance – Four team members

Community Impact

- C.A. Weis Elementary School – 550 students enjoyed Christmas celebrations
- Mission trips – Five mission trips funded
- United Way of West Florida – 42 programs at 30 agencies received funding
- Florida Disaster Fund – \$5,000 toward Hurricane Michael relief
- My Father's Arrows – Donation from Jay Hospital team members

Organizational Impact

- Mini-Grants program – 30 mini grants awarded to departments system-wide.

C.A. Weis Elementary Christmas Impact

C.A. Weis Elementary is a community school in one of the most underprivileged sections of Pensacola. Many students who attend Weis are affected by poverty, crime, poor nutrition, absent or overwhelmed parents, and a day-to-day struggle to survive. The partners in the community school and neighboring businesses do everything in their power to allow these students and their families to overcome the challenges they face and become successful contributing members of society.

“Each year, Baptist Hospital brings joy and excitement to each and every child, teacher and staff member at C.A. Weis. First, the students watch in awe as Santa Claus arrives in a LifeFlight helicopter. Santa greets each and every child, shakes their hands, shares their cookies and visits their classrooms. In addition, the employees of every department adopt a classroom and provide each student with an abundance of lovingly selected gifts which have included bicycles, scooters, pillows, blankets, winter jackets and even tablets. To top it all off, the team from Baptist provides party snacks, plays games, builds crafts, and even provides a fantastic luncheon for the teachers.

“This amazing gift of love allows many Weis students to have a Christmas like the ones they see on television, where their wants and needs are met and some of their dreams come true.”

– Shannon Cross, Assistant Principal, C.A. Weis Elementary

Mission Trip Impact

Kathryn Howard, health care recruiter at Baptist Hospital, traveled to Zambia, Africa in May to serve at New Day Orphanage, a mission organization designed to reach Zambia with the gospel of Christ and provide a Christian worldview and quality education to vulnerable orphans. New Day currently serves nearly 40 children. Through the Outfluence program, Baptist provided school supplies for the teachers and over-the-counter medications and medical supplies for the nurse. The children were excited to receive Helping Hands T-shirts and drawstring bags to keep.

During her trip, Kathryn was able to go into a village to assess a situation where a grandmother was asking New Day to take in her four grandchildren. Both of the children's parents had died. The grandmother had only been caring for the children for a few months, but with the terrible drought and the grandmother's lack of resources, she didn't feel capable of caring for them. The children had been living some distance from their grandmother's village before she acquired them. Due to that distance and how remote the area was, the grandmother knew her grandchildren's approximate ages but had no birthday information.

The granddaughter, who was about 5 years old, had just been called "girl" because they didn't know her given name. The missionary asked the family's permission to give the girl an English name, and she is now called Kathryn.

This was such a sweet blessing to me, and surprisingly, according to the grandmother, 'Kathryn' had been a family name somewhere in her lineage. I am happy to say that Kathryn and her three brothers were taken in and are now being loved on and cared for by the workers and staff of New Day. The kids were each assigned a birthday so that they can have a special celebration each year. I've seen firsthand how the children at New Day Orphanage are growing and learning, and I am confident that these four children will have a better future with the quality education and love they will receive at New Day Orphanage." – Kathryn Howard

The purpose of the Outfluence program is to support team members, physicians and clinicians that are involved in domestic and foreign trips that help further our Mission. Funding can be used to provide financial aid and/or supplies towards the mission's cause.

MISSION TRIP LOCATIONS

Zambia, Africa • Choluteca, Honduras

El Tunco, El Salvador • Nosara, Costa Rica

Guatamala City, Guatamala (Nov. 2019)

Team members who adopt a child(ren) or complete certification, qualify as a foster parent, and accept responsibility for a foster child(ren) may apply for one-time assistance.

Beverly's Adoption Story

Beverly Cooley, insurance collections supervisor at the Baptist Business Operations Center, has been a foster parent for five years. On Saint Patrick's Day 2017, she received Molly (then 2 months old), and the next week she learned that Molly had an older brother named Cody (then 5 years old).

I knew as soon as they put her in my arms that she was not going anywhere. Something told me God sent her here to stay. Cody started calling me mommy from day one. I completed the adoption with Cody and Molly on March 12." – Beverly Cooley

Beverly is currently in the process of adopting their newest sibling, Bryson, whom she picked up from the hospital at 2 days old.

Helping Hands and Leadership Giving Society

2019 Mini-Grants Awardees

This year, the Foundation created a new Mini-Grants program in place for the Helping Hands Organizational Support focus. Thirty projects were approved and will be implemented across Baptist Health Care facilities in the coming year that will provide program support, service support, patient care equipment or supplies, quality or safety activities or educational activities for team members. The funding contribution was matched by our team members within the Leadership Giving Society.

- **Comfort room for psychiatric patients**, Baptist Hospital's Behavioral Medical Center Women's Unit
- **Comfort room/sensory unit for autistic children**, Baptist Hospital's Behavioral Medical Center Youth Unit
- **Conference tuition for National Association of Social Workers Conference and American Case Management Association Conference**, Baptist Hospital Case Management
- **Code blue CPR meters**, Critical Care Unit – Three for Baptist Hospital, one for Gulf Breeze Hospital
- **Critical Care CCRN certification course**, Baptist Hospital CV-ICU
- **Critical Care CCRN certification course**, Baptist Hospital SINU
- **SANE (sexual assault nurse examiner) training/certification**, Baptist Hospital Emergency Department
- **Get Healthie interactive computer application software for health coaching**, Baptist Health Care My Healthy Blueprint
- **Nursing resource library for team members**, Professional Governance Council
- **Breastfeeding counselor certification course**, Baptist Hospital OB/GYN
- **NOELLE childbirth simulator**, Baptist Hospital OB/GYN
- **School of Phlebotomy to provide educational resources**, Baptist Hospital Phlebotomy
- **John Hopkins Annual Critical Care Conference tuition**, Baptist Hospital Rehabilitation Services
- **Educational training programs**, Baptist and Gulf Breeze Hospital Sterile Processing
- **Annual Surviving Trauma Conference tuition**, Baptist Hospital Trauma Services
- **AccuVein device for vascular access**, Jay Hospital Emergency Department
- **Heart Failure educational program for patients**, Cardiology Consultants Heart Failure Clinic
- **Sensory room for clients**, Lakeview Center Autism Spectrum Disorder Outpatient Services
- **Capturing Motivation Program for clients**, Lakeview Center Autism Spectrum Disorder Outpatient Services
- **Triage Youth Therapeutic Program**, Lakeview Center Behavioral Health/Acute Stabilization Unit
- **Therapeutic/educational materials for children**, Lakeview Center Child Outpatient Counseling/TASC
- **Florida Behavioral Health Conference tuition**, Lakeview Center Child Outpatient Counseling
- **Origami therapeutic figures for children**, Lakeview Center Infant Mental Health/Children's Services
- **What's in My Therapy Box: educational materials for children**, Lakeview Center School Overlay
- **Client visitation room**, FamiliesFirst Network Milton Service Center
- **Immersion room for scenario training**, FamiliesFirst Network Professional Development
- **Music as coping for patients**, West Florida Community Center Clinic
- **Educational activities program for patients**, West Florida Community Center Clinic
- **Homeless hygiene kits and supplies for Projects for Assistance in Transition from Homelessness (PATH) Program**, Chautauqua Healthcare Services
- **Health and wellness program for women and newborns**, Chautauqua Healthcare Services Women and Children Center

SIGNATURE EVENTS

Casino Royale is an exclusive invitation-only, black tie gala that provides an experience unlike any other by combining elegance with the thrills and excitement made famous in the James Bond films. The sixth annual event was based on the Bond movie “Diamonds are Forever” and raised nearly **\$250,000**. Proceeds were used to purchase a new large bore 16-slice CT scanner for Baptist Hospital, which will provide a more detailed diagnostic image to aid in cancer diagnosis and radiation treatment planning for its patients.

The new CT scanner has a large bore circumference, which will allow us to scan with a bigger field of view. This will give us a more precise and clearer image to integrate/overlay into the radiation oncology planning software system that will ultimately be used to radiate cancer sites. This new CT platform will also make integration of future technologies possible as technology advancements in the industry occur.”

- Bryan Taylor, oncology service line director

SIGNATURE EVENTS *continued*

The ninth annual **Bras Across the Bridge** raised more than **\$36,000** for the Foundation's Mammogram Fund, which provides mammograms to women in our community who are not financially able to afford one on their own and raises awareness and support for early detection.

More than 400 new bras were donated by Bras Across the Bridge participants. The Foundation donated these bras to several local organizations that help women and girls in need, including Baptist Hospital case management department clothes closet, Suit Yourself of United Methodist Church of Pensacola, Samaritan Hands Ministry at First Baptist Church of Pensacola and PACE Center for Girls.

Mammogram Fund

The Foundation's Mammogram Fund continues to grow with large donations from organizations such as **Pensacola Breast Cancer Association**, **Pink Pirates of Navarre** and **Pink Ribbon Pensacola**, along with the proceeds from the Foundation's annual Bras Across the Bridge event. For every \$100 raised, we are able to provide one mammogram to a woman in our community in need.

We are blessed to have been chosen as a recipient of these funds. These teams work hard to raise money, and I'm fortunate to see the donations go to work for our community every day. These funds make early detection screenings readily available to our community, help us constantly improve our screening technology and ensure that patients diagnosed with breast cancer have the ability to receive timely treatment after diagnosis. Having such generous giving partners helps to ensure that our team can truly provide excellent care, resources and support needed for breast cancer patients from screening to survivorship. We are so grateful to have such wonderful partners who help us live our Mission of helping people throughout life's journey." – *Rachel Forehand, oncology support services manager*

Bras Across the Bridge

Mammograms
provided to
2,006
women

As a result,
391 required additional testing
47 required biopsies
18 diagnosed with breast cancer

This year, the Foundation was able to purchase new **GE Logiq S8 XD Clear ultrasound machines** for the Women's Center at Baptist Hospital and Baptist Medical Park – Nine Mile. With this new software and technology, substantial differences in breast tissue planes, cysts, tumors, masses and cancers are now more easily identifiable by our sonographers.

2019 Gifts to the Mammogram Fund

Pensacola Breast Cancer Association – \$27,500

Pink Pirates of Navarre – \$15,000

Pink Ribbon Pensacola – \$15,000

Stepping Out in Style

SIGNATURE EVENTS *continued*

Stepping Out in Style Benefits The Meridian at Lakeview Center

The 42nd annual **Stepping Out in Style fashion show**, presented by the Women's Board of Baptist Health Care Foundation and Gulf Coast Health Care, raised just over **\$125,000** to benefit The Meridian at Lakeview Center.

The Meridian is a statewide inpatient psychiatric program (SIPP) that provides mental health treatment for children and adolescents between the ages of 7 and 17. The program utilizes a multi-disciplinary treatment approach with a focus on psychotherapeutic intervention in a structured, community living environment with 24-hour supervision. The program also provides intervention and treatment services for children and adolescents who are at risk for substance abuse.

Proceeds from the fashion show will help provide a complete refresh of The Meridian building, including new floors and fresh paint, new beds for each room and new furniture and art in the common areas.

The new paint colors have been very calming and therapeutic to the children, and the kids feel a sense of ownership because it feels more like home to them."

– Rita Grandberry, unit manager, The Meridian

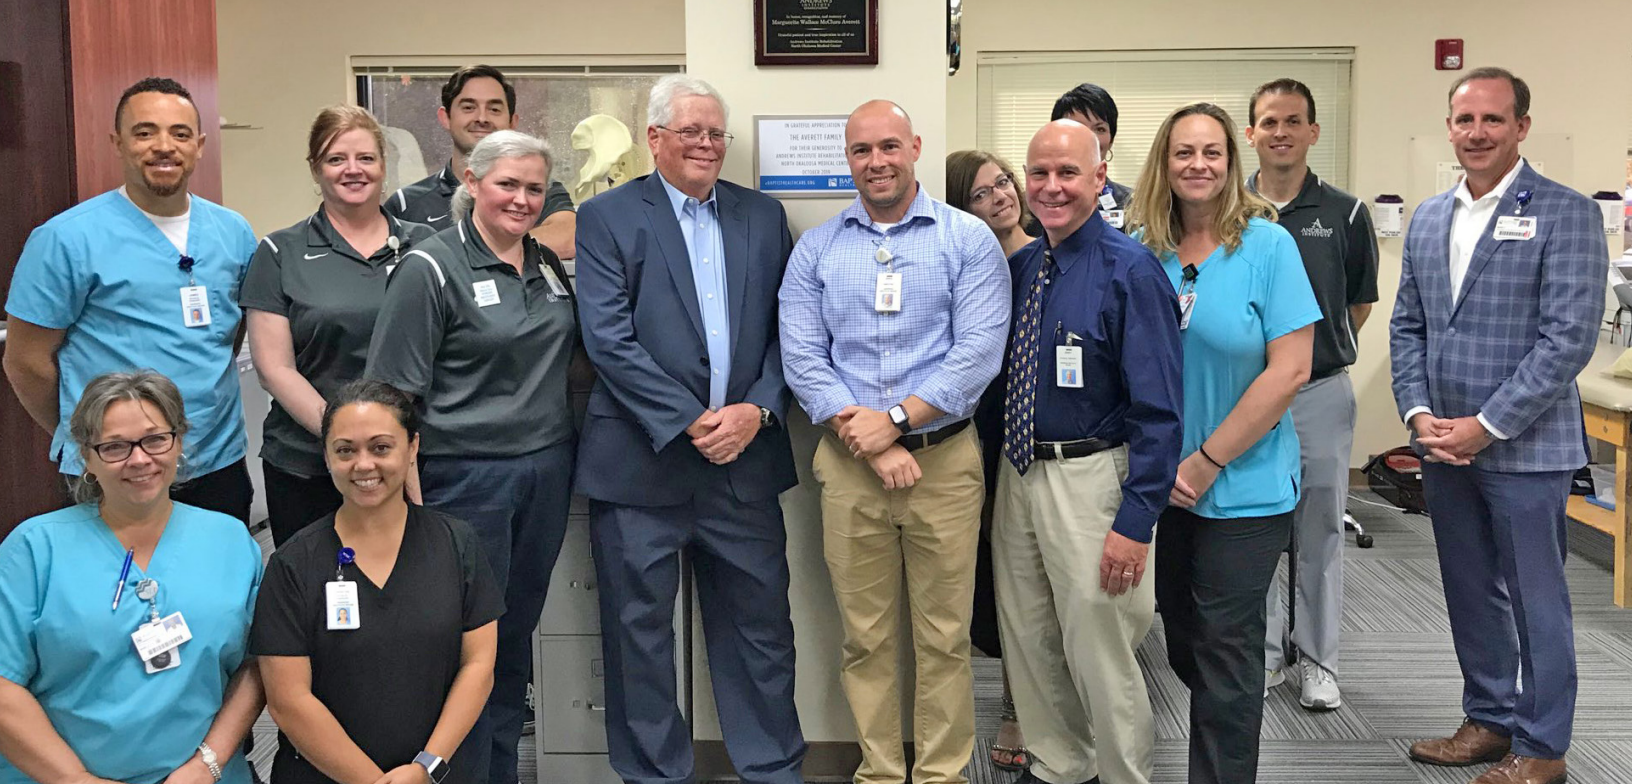

WOMEN'S BOARD OF BAPTIST HEALTH CARE FOUNDATION

Established in 1976, the Women's Board of Baptist Health Care Foundation provides consistent support for the community through its commitment to health care initiatives. The Women's Board has raised more than **\$2.5 million** in support of various health care programs at Baptist Health Care and Lakeview Center. The Women's Board volunteers have made a difference in the lives of thousands in our community, assuring that access to the very best health care is available to all.

Membership for the Women's Board is open to any woman who is interested in serving her community. Membership meetings are held quarterly and provide members an opportunity to meet new friends, get the latest news on Baptist Health Care and learn through fun and educational programs. In addition to the quarterly meetings, the board hosts Women's Night Out events to engage its membership.

The Women's Board has raised funds for programs and projects for multiple departments within the organization including Cancer, Heart & Vascular, Women's Health, Lakeview Center Children's Services, Palliative Care and FamiliesFirst Network of Lakeview Center.

Through hundreds of women and thousands of volunteer hours in service for more than 40 years, our community members have access to better health care and quality of life.

ANDREWS INSTITUTE REHABILITATION AT NORTH OKALOOSA MEDICAL CENTER

John Averett and his daughter, **Marguerite Averett**, have been long-time supporters of stroke treatment care and education at Baptist. Their continued passion has led to the growth and expansion of the Andrews Institute Rehabilitation clinic at North Okaloosa Medical Center in Crestview, Florida.

Andrews Institute provides a full range of rehabilitation services including physical therapy, occupational therapy and speech therapy. The newly renovated facility allows for improvement of patient flow and access, increased patient privacy, and enhanced therapy practices and activities.

Patients have been very complimentary of the added space, especially the ones that we have previously treated or ones that worked with us during the construction and post construction. They are happy with the increased space for activity.”

– Greg Clark, facility manager

The Baptist team in Crestview held the Stroke for Stroke Education golf tournament on Sept. 14 to benefit the Foundation's Andrews Crestview Physical Therapy Fund.

- 14-week project
- Expanded the 800-square-foot floor space
- Added 20 square feet in front office
- Installed privacy window for patient consultation
- Replaced window to overlook gym
- Moved blood lab draw station
- Added second blood lab draw station

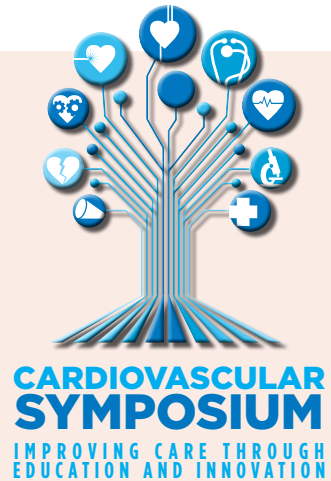

CARDIOVASCULAR AND STROKE SYMPOSIUMS

As a community, it is vital for all health care organizations to seek and invest in learning opportunities to gain greater knowledge of how to best serve the needs of those in our care. The Foundation is proud to support two major Baptist Health Care initiatives through sponsorship opportunities that provide educational opportunities to our team members, health care professionals and community members.

The day-long symposiums offer educational opportunities for health care providers including physicians, nurses, case managers, allied health professionals and other hospital care providers. Educational credits are available for all attendees of each symposium.

Fourth Annual Cardiovascular Symposium on Feb. 21

Presented by the Heart & Vascular Institute at Baptist Hospital, the annual symposium offers education for cardiac health and wellness and cutting edge innovations to the medical community. Local and nationally recognized experts in cardiovascular care presented topics of discussion such as cardiology state of the union, advancements in heart failure, hemodynamics, CV diagnostics, sudden death in athletes, preventative care, R.N. and M.D. collaboration and management of atrial fibrillation.

Fourth Annual Stroke Symposium on May 17

The annual Stroke Symposium provides the tools and knowledge that can be used to provide the highest quality care for patients and their families. Speakers included experts from Mayo Clinic, Medical University of South Carolina and University of Cincinnati Medical Center, focusing on topics such as the 2018 American Heart Association stroke guidelines, neurovascular stroke management, improving door-to-needle times, pediatric stroke and the role of EMS in stroke.

The Averetts have been long time donors to Baptist Health Care's stroke programs and services. Marguerite Averett provided an impactful gift to support the growth of our annual stroke symposium and was actively involved in the planning.

VOLUNTEER SERVICES

Baptist Hospital volunteers are some of the most kind and caring individuals within our organization. They play an important and vital role in the day-to-day hospital operations, whether it's greeting and escorting guests or serving as a liaison between the patients and our clinical team. Our patients and families feel safe knowing they are in good hands with our volunteers.

I believe our volunteers are here to serve and show compassion, always looking for, 'whose life can I touch today'. They stand firm on being committed to their department and give from their heart. Volunteers enjoy helping and listening to our patients and families. They have so much love to give and [are] very eager to please."

– Kathy Larsen, volunteer services manager

Volunteer services hosts multiple jewelry, linen and gift sales throughout the year to support several initiatives within our organization. In October, volunteers hand out 400 pink carnations in observance of Breast Cancer Awareness Month, as well as 400 red carnations in February in observance of Heart Month.

For more information about Baptist's volunteer services, call 850.434.4936.

FY2019 Contributions

ORGANIZATIONAL SUPPORT

- **Helping Hands** – \$1,500 annually
- **FamiliesFirst Network School Drive** – \$500 donation
- **FamiliesFirst Network Operation Santa** – \$1,500 annually
- **FamiliesFirst Network Annual Child Welfare Conference** – \$200 donation
- **Lakeview Center's Project Search** – \$250 annually
- **Baptist Hospital Food Drive** – annual donation
- **Breast Cancer/Heart Month Awareness** – \$750 annually

COMMUNITY SUPPORT

- **Health and Hope Clinic** – \$1,500 annual donation for community members that are low income and cannot afford health insurance
- **Council on Aging Senior Chill Out** – \$500 annual donation for air conditioners and fans during the summer; \$500 annual donation towards heaters and blankets for seniors in our community during the winter
- **Florida Disaster Fund** – \$1,000 to support those affected by Hurricane Michael

LAKEVIEW CENTER

Trauma-Informed Care Conference

The Foundation was proud to partner with Lakeview as the presenting sponsor of the first annual Trauma-Informed Care Conference on Oct. 8. During the daylong conference, keynote speakers shared proven methods for making an impact on the lives of those challenged by trauma.

The conference is open to anyone with the common goal of moving towards a trauma-informed community: schools, law enforcement, churches, health care professionals, nonprofits, children's services agencies, juvenile justice agencies, parents, neighbors and the community-at-large.

I think the community buy-in to becoming a trauma-informed care community is growing. You hear people understanding the impact of trauma on their own lives as well as those they serve. It's about teaching people they are not alone, and that if we gain and give better insight, we can change our community.

– Edna Williams, director Children's Behavioral Health Services

Lakeview Impact

In 2019, the Foundation provided support for the following Lakeview programs:

\$218,000 Lakeview Unrestricted	\$54,000 Family Care
\$166,000 Children's Case Management	\$45,000 Autism Spectrum Disorders
\$112,000 Century Clinic	\$38,000 Infant Mental Health
\$75,000 Avalon Center	\$31,000 HUD Housing
\$61,000 HUD Independent Living	

FamiliesFirst Network

During the month of April, The Foundation partnered with FamiliesFirst Network to help raise awareness for Child Abuse Prevention Month. The **MANicure MovementSM** campaign, in partnership with Embrace Families, is a statewide movement that encourages men and women to paint one fingernail blue in an effort to inspire conversation, raise awareness and prompt action against child abuse. One fingernail painted blue can spark one conversation that can bring awareness to the fact that one in five children will experience abuse or neglect before their 18th birthday.

FamiliesFirst Network (FFN), through the Foundation, received one of **Gulf Power Foundation's Amplify! Northwest Florida** grants this year. The **\$27,500** grant provided FFN with new technology to modernize the foster home placement process and offer up-to-the-minute information that will improve placement decisions for children in foster care, as well as increase staff capacity and capability.

Operation Santa

During the holiday season, the Foundation partners with FamiliesFirst Network to promote and assist with a program that positively impacts hundreds of children across the four-county area. Through Operation Santa, individuals can help bring the joy of Christmas to children of all ages in foster care who have experienced abuse or neglect. Through joint community awareness efforts of FFN and the Foundation, gifts to Operation Santa in 2018 were the largest in the program's history. Donations to the Operation Santa Fund helped provide Christmas gifts for nearly 1,700 children in our community.

ANNUAL MEETING AND HOLLINGER AWARDS

The Hollinger Awards are presented annually by the Foundation and are named in memory of Mr. & Mrs. Pick Hollinger. Long-time generous supporters of Baptist Health Care, Alberta and Pick Hollinger demonstrated an outstanding commitment to improving the quality of life for those served by Baptist.

The 2018 recipients were recognized at the Baptist Health Care Foundation annual meeting on Nov. 8 at the Pensacola Yacht Club.

Pictured left to right: **Physician of the Year**, Dr. Charles Roth; **Volunteer of the Year**, Kara Elliott-Jordan; **Women's Board Volunteer**, Tara Rollins; **Lifetime Achievement**, Fred Donovan, Sr.; **Health Care Professional**, Dr. David Josephs; and **Volunteer of the Year**, Marjorie Stone.

WANT TO HELP US HELP OTHERS?

With your support, we are changing and saving lives every day. Make a donation online at BaptistHealthCareFoundation.org or call **850.469.7906**.

Ways to Give

Donate Online

Supporting Baptist Health Care has never been easier, and we invite you to contribute in a way that is meaningful to you. Your gift may be designated toward a specific service area of your choice.

Honor Someone Special

Tribute gifts are a thoughtful and heartfelt way to honor and recognize the life of a relative, friend, caregiver, community member or loved one.

Estate and Planned Giving

Making your planned gift can be a rewarding and meaningful way to contribute to the future of health care and human services programs. You can create a legacy by making a planned gift to support a program of significance to you.
