## LETTER FROM THE DIRECTOR

Dear Friends,

This year has been one of celebration, reflection and continued momentum for Baptist Health Care and the Foundation.

In August, the Foundation proudly celebrated **50 years of service**. For five decades, our generous donors, dedicated volunteers and passionate community partners have helped us fulfill our **Mission** of helping people throughout life's journey. This milestone is a powerful reminder of the lasting impact philanthropy has on the lives we touch.

We also celebrate **40 years of compassionate care at Gulf Breeze Hospital**, a vital part of our health system and a cornerstone of the communities it serves. These anniversaries mark not only the passage of time, but the enduring commitment to excellence and service that defines Baptist.

This September, we also marked **two years since opening the doors of our new Baptist Hospital campus**. The energy and support surrounding this transformational move have been nothing short of inspiring. Last year, we launched the **Brent Lane Campus Fund** to continue advancing the programs, services, technology and equipment that elevate patient care. Thanks to your generosity, this fund is already making a meaningful difference.

As we look forward to a **new fiscal year**, we remain deeply grateful to our patients, team members, physicians, providers, board of directors, volunteers, donors, community members and partners. Your support strengthens our **Vision** to be the trusted partner in improving quality of life in the communities we serve.

The **2025 Impact Report** shows the many ways your gifts have made a difference. Every contribution, large or small, helps us move forward with purpose and compassion. Thank you for your trust, your support and your dedication.

I would also like to extend my sincere appreciation to our Foundation board members for their leadership and guidance, and to our Foundation team for their tireless commitment. Your work is the heartbeat of our success, and I am honored to serve alongside you.

With gratitude,

Heather Moorer  
Director  
Baptist Health Care Foundation

**\$127,130**

WOMEN'S  
SERVICES

**\$1,652,024**

GRAND TOTAL  
FY 2025

OUR MISSION of helping people throughout life's journey is what drives us to make an impact on the community by supporting Baptist Health Care. The snapshot above details the donations made in FY 2025 and demonstrates our commitment to Baptist Health Care and its many programs and services.

# CELEBRATING 50 YEARS OF PHILANTHROPIC IMPACT

On Aug. 13, 2025, Baptist Health Care Foundation proudly celebrated **50 years** of service to Baptist Health Care and the communities it serves. Since its founding on Aug. 13, 1975, the Foundation has played a vital role in elevating compassionate care, expanding services, improving technology and strengthening the organizational Mission of helping people throughout life's journey.

The Foundation's legacy is deeply rooted in the spirit of our community and team members whose contributions over the years have totaled more than **\$75 million**. One hundred percent of donations to the Foundation support Baptist's programs, services and initiatives to ensure community members have the very best care at every stage of life.

# MAJOR PROJECTS SUPPORTED

The Foundation is proud to champion major projects and initiatives within Baptist Health Care to expand services, invest in new technology, enhance patient care and elevate our Mission of helping people throughout life's journey. This year, the Foundation donated **\$438,000** back to the system in support of departmental projects.

## Operating Room Fetal Monitor

To support the growing needs of the Mother-Baby Unit, the Foundation purchased a second fetal monitor permanently designated to the second operating room at Baptist Hospital. Since the hospital's opening in September 2023, deliveries increased by 35% the first year and another 10% this last year.

“External fetal monitors are utilized to monitor and assess fetal heart tones. Fetal heart tones must be checked prior to the start of surgery. Having an external fetal monitor in both operating rooms optimizes the care we provide for our patients.”

-Shannon Roesch,  
Patient care manager, Mother-Baby Unit

## Volunteer Desks

To better support our Baptist Hospital volunteers and enhance the experience of our patients and visitors, the Foundation purchased new desks at the main entrances of Baptist Hospital. These desks offer improved comfort, workspace, and provide a barrier to wind and cold temperatures during the winter months.

Breast Ultrasound

Trauma Simulation Training

## Breast Ultrasound

Baptist Medical Park – Nine Mile received a new ultrasound machine, made possible by funds raised through the Foundation. This advanced equipment will help improve exam consistency and supports earlier detection of breast cancer risks, reducing the need for biopsies and enhancing diagnostic accuracy.

## Interfacility EMS Transport

To improve patient transfers and discharges, Baptist launched a new interfacility transport program. The Foundation funded one of the three ambulances, each equipped with power load stretcher systems. This service enhances patient safety and experience, improves emergency and inpatient department efficiency and supports county EMS partners by freeing them of this responsibility so they can focus on emergencies in our community.

## Trauma Simulation Training

The Foundation partnered with the emergency team at Baptist Hospital to host a two-day high-fidelity simulation training around trauma and cardiac arrest events. This advanced training provided the opportunity for our trauma teams to work in collaboration with Escambia County EMS by using interactive manikins to enhance the team's emergency response skills for critical situations.

## Dialysis Program

Since the opening of the new Baptist Hospital campus, the total volume of dialysis needs has increased by 15%. The Foundation funded two additional dialysis machines to meet demand, improve treatment timeliness, support team member workflow efficiency and extend equipment life.

## EKG Machines – Clinical Simulation Laboratory and Cardiac Catheterization Laboratory

In the SIM Lab, new nurses are trained on EKG machines that mirror those used in Baptist Hospital, ensuring a seamless transition to patient care. In the Cath Lab, EKG machines are vital for assessing post-procedure symptoms and determining urgent interventions, making this training essential for patient safety and timely care.

# BAPTIST HOSPITAL MOTHER-BABY UNIT

## Compassionate Care Closet: Supporting New Families

Through Baptist Hospital's **Mother-Baby Compassionate Care Closet**, essential newborn care items are provided at no cost to new mothers in need. These items can include car seats, bottles, diapers, bathing items, baby safety devices, sleep sacks, nursing bras, breast pumps and privacy shawls, all funded through the Foundation's **Mother-Baby Fund**.

Since the opening of the new Baptist Hospital campus on Brent Lane in September 2023, births at Baptist have increased by 35% in the first year and 10% in the second year. Unfortunately, not every family can afford the necessary items to safely care for a newborn at home.

This year, the Foundation raised **\$13,755** for the Mother-Baby Fund to directly impact new families in need. Support included grants from the **Society of the Debutante Charity Cotillion and Rotary Clubs of Pensacola**.

## Wireless Patch System: Enhancing Comfort in Labor and Delivery

The **Monica Novii Plus Wireless Patch System** is transforming labor and delivery care at Baptist Hospital by offering expectant mothers a more comfortable and empowering birth experience. This innovative device allows for continuous monitoring of fetal heart tones while the patient ambulates during labor, promoting mobility and comfort without compromising safety. The benefits of using this system include distraction from discomfort, a greater sense of personal freedom, reduced muscle tension, decreased need for pain relief medication and shortened duration of labor. The Foundation purchased three devices for the Mother-Baby Unit, including two funded through the Helping Hands Mini-Grants program.

## Mini-Grants Impact

Newborn Skill Trainer

Through the Helping Hands Mini-Grants program, the Mother-Baby Unit purchased a newborn skill trainer to enhance nurse training in critical procedures such as intubation, ventilation, compression, IV cannulation and umbilical catheterization.

*"Having the ability to improve the training of our team members has a huge impact on patient care. Caring for the newborn patient requires a high level of knowledge. When a newborn patient has complications, the team member must have the skills, along with the knowledge, to perform successfully in this situation. By having the opportunity to train prior to an event, our nurses will be able to provide prompt, safe care for newborns in regular deliveries or in emergency situations."*

- Shannon Roesch, patient care manager,  
5th floor LDRP

# WOMEN'S BOARD OF BAPTIST HEALTH CARE FOUNDATION

Established in 1976, the **Women's Board of Baptist Health Care Foundation** has been a champion for community health, raising more than **\$3.5 million** to support vital health care initiatives. Through their dedication and volunteerism, members of the Women's Board have helped expand access to high-quality care and essential services for thousands across our region.

Membership is open to any woman passionate about serving her community. **Quarterly meetings** offer opportunities to connect, stay informed about Baptist Health Care updates and enjoy engaging educational programs. The Women's Board also hosts **Women's Night Out** events to foster camaraderie and deepen member involvement.

Over the past **49 years**, the Women's Board raised funds for programs and projects for multiple departments within the organization, including cancer care, heart and vascular services, women's health, pediatric programs, palliative care, COVID-19 response, Baptist Hospital Brent Lane campus, behavioral health unit and Mammogram Fund.

Thanks to the dedication of hundreds of women and countless volunteer hours, our community continues to benefit from improved health care and enhanced quality of life.

Qwana Gable, Parliamentarian

# 48<sup>TH</sup> ANNUAL STEPPING OUT IN STYLE FASHION SHOW

The 48th annual **Stepping Out in Style Fashion Show**, presented by the Women's Board of Baptist Health Care Foundation, raised more than **\$156,000** to support the Foundation's **Mammogram Fund**. Donations to the Mammogram Fund help provide year-round access to mammograms for individuals in need throughout our communities and promote awareness and support for early detection of breast cancer.

As the Women's Board's largest fundraiser, the fashion show featured professional and local celebrity models showcasing the latest fashions from **Bluetique, Gulf Coast cabi Stylists, Dillard's** and **The Market and Mainly Shoes**. The event was held on Oct. 24, 2024, at the Sanders Beach Corinne-Jones Resource Center. The evening included both live and silent auctions, a special breast cancer survivor's walk and was emceed by Brent Lane and Sue Straughn.

# MAMMOGRAM FUND

The **Mammogram Fund** provides year-round access to mammograms for community members who are unable to afford this lifesaving screening. It also helps raise awareness about the importance of early detection and breast health. This program would not be possible without the generous support of our donors who contributed **\$141,975** this year.

**To find out if you qualify and to schedule a mammogram, contact Baptist patient access support services at 448.227.3500, ext. 1.**

## Mammogram Fund Major Donors

Pensacola Breast Cancer Association  
**\$50,000**

Pink Pirates of Navarre  
**\$20,000**

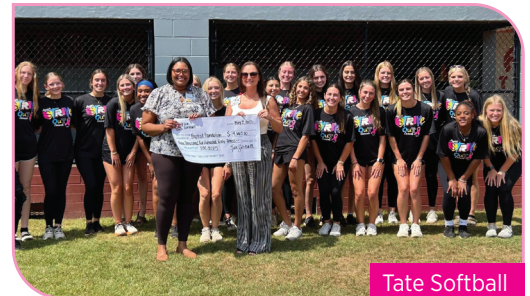

Switzer Brothers Charitable Foundation  
**\$9,900**

Tate Softball  
**\$9,663**

Local Honda Dealer  
**\$5,000**

Pink Pirates of Navarre

Tate Softball

Local Honda Dealer

The Grand Marlin Pensacola Beach donated **\$1,088** from proceeds for every Blue Angel Chips sold throughout the month of October.

## Men's Health Screening: Expanding Access to Preventative Care

The Foundation sponsored a new Men's Health Screening event through the Cancer Fund focused on early detection and proactive care in partnership with Baptist cancer support services, the Faith Health Network and Loyalty Credit Union.

During the one-day event, Prostate-Specific Antigen (PSA) screenings were provided to **31** men in our community who may not otherwise have access to this important preventative care. As a result of these screenings, two individuals were contacted to receive further evaluation and follow-up care, potentially life-saving interventions made possible through this initiative.

## Home Instead

Kaipo and Stacy Robello have been married for 11 years, sharing a blended family of four children and two grandchildren. In March 2017, they officially became business partners in ownership of Home Instead, which recently celebrated 25 years in Pensacola.

Stacy is a second-generation owner of the franchise, originally founded by her mother, whom she worked alongside for many years. Kaipo is a lifelong entrepreneur with numerous successful business ventures. Serving the community is not only a passion of theirs but also a pillar of their business philosophy, which has been a driving force in their shared success.

“Giving back is not only a way to help those that are less fortunate, but it also fulfills me with having purpose,” Stacy said. “As a person of faith, I truly believe that God has given us an opportunity to help those in need. And that is what we want to do.”

Stacy’s journey with Baptist began in 1997, when she started working as a physical therapy aide. That experience opened her eyes to the world of health care and sparked a lifelong passion for helping others. Stacy has been active in the Women’s Board since 2007, also supporting the annual Stepping Out in Style Fashion Show. “Baptist has always been near and dear to me because it is where my health care career started,” she said.

Kaipo and Stacy, through Home Instead, have donated a total of **\$50,000** to the **Baptist Behavioral Health Unit**. The donations came as a team effort from the Pensacola office hitting major milestones two years in a row within the Home Instead network, which awarded the funds to give back to the nonprofit of their choice.

*Supporting behavioral health is personal to me after working in the home care industry for 25 years,” she said. “We hope to bring awareness that our community is supporting those with dementia. Sometimes it is about caring more for the ones who are doing the caring. I’m hoping that this can give respite care for those who may need it.*

- Stacy Robello, Home Instead

# HELPING HANDS TEAM MEMBER GIVING

Baptist Health Care team members made a powerful impact to the Foundation by contributing **\$232,499** to the **Helping Hands Fund** with an additional \$1,000 donation from Volunteers Services and a \$25,000 donation from Leadership Giving Society in support of the Mini-Grant Program. These generous donations directly supported three key areas: assisting fellow team members and their families, giving back to our communities and advancing our Mission of helping people throughout life's journey.

## TEAM MEMBER IMPACT

- **Emergency Assistance - \$61,188** in financial support was provided to **47** team members facing catastrophic events.
- **Educational Scholarships - 36** scholarships of **\$1,000** each were awarded to team members and their dependents.
- **Holiday Food Assistance - 132** team members received food card assistance during the holiday season.
- **Adoption/Foster Care Assistance - Three** team members received support through the adoption/foster care assistance program.

## COMMUNITY IMPACT

- **C.A. Weis Elementary School - 530** students received Christmas gifts.
- **United Way of West Florida - \$20,000** was donated impacting **26** partner agency programs.
- **Mission Trip Support - Six** team members received assistance to support their mission trip efforts.

## ORGANIZATIONAL IMPACT

- **Mini-Grants Program - 23** grants were awarded to departments system-wide for a total impact of **\$91,518**.

## Mission Trip Impact

In March 2025, Caroline Locklin, an occupational therapist at Andrews Institute Rehabilitation in Jay Hospital, visited Guyana on a mission trip. Helping Hands provided financial assistance to purchase the necessary medical supplies she needed to care for patients in the communities her team visited.

"We provided treatment for a variety of conditions including hypertension, diabetes management, pain management, arthritis, allergies, carpal tunnel, stroke, COVID, malaria and infections. We also had a benevolence table that provided hygiene kits, reading glasses, Bibles and handmade dresses for the girls.

My primary role was registering patients and pre-triaging, ensuring that more acute/serious cases were prioritized. I also provided occupational therapy services for patients needing care. I was designated as the elbow and hand OT, and through the Foundation's Helping Hands Mission Trip program, I purchased various splints and slings for wrists, fingers and shoulders, weekly pill box sorters and plenty of crayons for the children.

During my time at registration, I was able to connect with the villagers and their children who were seeking care. We spent many hours coloring on Bible-based coloring books, talking about faith and getting to know each other as I learned the way of life in Guyana.

In the evenings, we held worship services at the church building under the 'benab' (chickee hut). By the final evening, we didn't have enough seating for everyone who joined us to worship and listen to the sermon. What a blessing!

This was my second mission to Guyana, and it stuck with me that involvement of village leaders in the church is growing. It is so encouraging to see leaders of these small, remote villages seeking wisdom and guidance from God and being so involved in their community's growth and health."

# Helping Hands 2025-2026 Mini-Grants Awardees

Special thanks to Leadership Giving Society and Foundation Board Chair Margaret Stopp for supporting this year's mini-grants

**Blood Bank Specialized Centrifuge** – Baptist Hospital, Blood Bank

**Certified Operating Room (CNOR) Exam** – Baptist and Gulf Breeze Hospital Surgical Services

**Critical Care Certification Prep Course** – Baptist Hospital, Progressive Care Unit

**Enhancing Cardio Risk Detection and Management: ECG Machine** – Baptist Medical Group, Primary Care – Navarre

**Hi-Low Electric Treatment Tables** – Andrews Institute Rehabilitation, Outpatient Therapy – Navarre

**Enhancing Vascular Access Accuracy and Care** – Gulf Breeze Hospital, Intensive Care Unit

**Grief Counseling Education** – Baptist Hospital, Emergency Department

**Heart Smart: Elevating Heart Failure Clinic with Compassion** – Baptist Hospital, Heart and Vascular Institute

**Kaatsu Blood Flow Restriction Device** – Andrews Institute Rehabilitation, Outpatient Therapy – Navarre

**Lab Courier Uniforms** – Baptist Hospital, Laboratory

**Code Blue and Trauma Simulation Trainings** – Baptist Hospital, Emergency Department

**Monica Novii Wireless Patch System** – Baptist Hospital, Mother-Baby Center

**New Phlebotomy Draw Chairs** – Jay Hospital, Laboratory

**Nursing Professional Development Virtual Symposium** – Baptist Health Care, Clinical Education

**Procedural Exam Light with Mobile Stand** – Jay Hospital, Medical Unit

**Project Plinth: Therapy Treatment Tables** – Andrews Institute Rehabilitation, Outpatient Therapy – Gulf Breeze

**Recumbent Bike and Zero Turn Sled Therapy Equipment** – Andrews Institute Rehabilitation, Outpatient Therapy – Pace

**Shuttle MVP Exercise Equipment** – Andrews Institute Rehabilitation, Outpatient Therapy – Nine Mile

**Staxi Bariatric Wheelchair** – Jay Hospital, Emergency Department

**TonoQuest: The Pressure is On** – Baptist Medical Park – Navarre, Emergency Department

**Trauma Care After Resuscitation (TCAR) Education** – Baptist Hospital, Intensive Care Unit

**Hi-Low Treatment Tables** – Jay Hospital, Andrews Institute Rehabilitation, Outpatient Therapy

**Youth Mental Health First Aid Community Education** – Baptist Hospital, Behavioral Health Unit

## Adoption Impact

Marcella Scapecchi-Matei, corporate sterile processing manager for Baptist and Gulf Breeze hospitals, and her husband recently adopted their grandson, Grayson.

“We’ve have had him since he came home from the hospital. Like many grandparents, due to circumstances beyond our control, we found ourselves raising a child in our late 50s. I am so grateful that the Lord has allowed me to raise him through all the turmoil; he has brought immense joy to our lives. While most people will tell us, ‘Children keep you young,’ and they do, but they also keep you focused on the joys of a child through their experiences.

The best thing about this adoption is that Grayson feels secure in knowing that he has two real parents that love and cherish him.”

– Marcella Scapecchi-Matei

## Scholarship Recipients

# CASINO ROYALE

The 11th annual **Casino Royale Gala** took place on April 3, 2025, and raised nearly **\$280,000** in support of **Gulf Breeze Hospital**, which proudly celebrated its **40th anniversary** on June 24.

This elegant black-tie affair brings together Baptist leaders, partners and supporters for an unforgettable evening of fine dining, dancing, charitable gaming and a silent auction. Each year, the event draws inspiration from a classic James Bond film. This year's gala dazzled guests with a Dr. No theme.

Gulf Breeze Hospital offers an extensive array of inpatient and outpatient services, supported by a dedicated team of more than 565 team members. Annually, the hospital serves approximately 3,100 admitted patients, more than 112,000 outpatient appointments and over 17,000 emergency department visits. Known for its exceptional patient experience and quality care, Gulf Breeze Hospital consistently ranks among the top in performance. As the surrounding community continues to grow, the hospital remains committed to expanding its services, facilities and provider network to meet evolving health care needs.

# ANNUAL MEETING AND HOLLINGER AWARDS

During the annual meeting held on Nov. 20 at the Pensacola Yacht Club, the Foundation announced the 2024 Hollinger Awards. The awards honor individuals, families or organizations that have demonstrated outstanding generosity and leadership in support of Baptist Health Care through gifts of time and/or financial contributions.

Named in memory of long-time Baptist Health Care supporters Pick and Alberta Hollinger, the awards reflect the couple's enduring legacy of service and commitment to improving the quality of life for those in our community.

## Volunteer of the Year

Willie Johnson has been volunteering at Baptist Hospital for more than 14 years. He reads Bible verses to patients, prays with them, prays over them and prays with their family members. He is a retired U.S. Army Sergeant who served for 23 years and worked as a patriot missile crewman, traveling worldwide. He and his wife have seven children and eight grandchildren. He volunteers all over the community, including time serving in his church, Waterfront Rescue Mission, children's ministry, hospice care and prison outreach.

## Women's Board Volunteer

Ann Keiek has been a member of the Women's Board since 2018 and has served on the executive committee since 2020 in various roles including fundraising chair, vice president and now as president. She has secured speakers for quarterly membership meetings, invited friends and colleagues to join the Women's Board (affectionately known as her "girl gang"), exceeded membership goals and led the annual Stepping Out in Style fashion show by securing silent auction items, sponsorships and volunteers. Ann co-founded Nurses on Call in 1994 with her mother, husband and sister and is the co-owner of DeLuna Lanes with her husband.

## Health Care Professionals of the Year

Cheryl Foss started her career with Baptist in 1987 and has impacted countless lives through her work. As a case manager, she bridges the gap between doctors and patients, using critical thinking and empathy to make our patients feel empowered and at ease. She is a true advocate for patients, ensuring they receive the resources they need. Her expertise is respected regarding her extensive knowledge in nursing, orthopaedics and discharge planning. Her mentorship has been invaluable to so many, calming nerves and providing clarity. She truly embodies the “Baptist Blue” spirit and values, evident in her dedication, compassion and unwavering commitment to excellence.

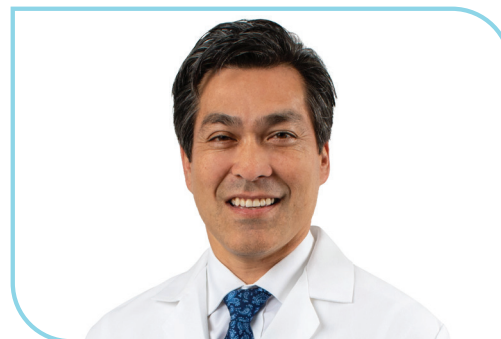

## Health Care Provider

Kasha Williams began her career as a medical assistant and, through unwavering commitment and continued education, rose to become a board-certified nurse practitioner specializing in women’s health. Her depth of knowledge across all aspects of care makes her an invaluable asset to both patients and colleagues. She embodies compassion, professionalism and grace in every interaction. For more than 20 years, she has been the trusted right hand to Dr. Tracey Thomas Doyle and the Ladies First team, playing a vital role in advancing women’s health in our community.

## Physician of the Year

Anthony Brothers, M.D. provided compassionate care at Andrews Institute for more than six years. He spent most of his life involved with the military. He served active duty with the Air Force as a flight surgeon and Chief of Surgery and was deployed twice to Afghanistan, receiving two Army commendation medals. After retiring from the military, he joined a private practice in Fort Walton and had the opportunity to expand the Andrews Institute name and brand eastward to Fort Walton and the surrounding areas in 2018. He also served as team physician for Niceville High School. Sadly, Dr. Brothers passed away just two days after the event on Nov. 22, 2024.

## Lifetime Achievement

Andy Terry retired in March 2025, after 37 years of service at Baptist. He is the first CFO in Baptist’s 74-year history to be promoted from within. His leadership roles included VP, reimbursement; VP, financial services; and VP, financial operations. He is a team player, always present, involved, hands-on and in the trenches with his team whenever needed. At every departmental celebration, he’s behind the grill, showing off his cooking skills. His can-do attitude inspired his team to exceed goals. Caring, loyal, selfless and humble, Andy exemplifies these qualities at home, at church and at work, touching the lives of everyone he meets.

With your support, we are changing and saving  
lives every day. Make a donation online at  
**[baptisthealthcarefoundation.org](https://baptisthealthcarefoundation.org)**  
or call **448.227.8150**.

# Ways to Give

## DONATE ONLINE

Supporting Baptist Health Care has never been easier, and we invite you to contribute in a way that is meaningful to you. Your gift may be designated toward a specific service area of your choice.

## HONOR SOMEONE SPECIAL

Tribute gifts are a thoughtful and heartfelt way to honor and recognize the life of a relative, friend, caregiver, community member or loved one.

## ESTATE AND PLANNED GIVING

Making your planned gift can be a rewarding and meaningful way to contribute to the future of health care and human services programs. You can create a legacy by making a planned gift to support a program of significance to you.
